Career Objective

A results-driven BCA graduate skilled in full-stack development using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Proficient in front-end technologies, UI/UX design, and secure back-end development. Seeking to leverage expertise in JavaScript, database management, and web application scalability in a Junior MERN Stack Developer role.

Experience

Xmatiq Technologies - Full Stack Developer (April 2025 – July 2025)   Ahmedabad, Gujrat
- Developed responsive and interactive UI components using **React.js** and **Tailwind CSS**
- Ensured cross-browser and mobile responsiveness for consistent user experience
- Used **Git** for version control and deployed frontend builds to **Netlify.**

Education

KSV University   Gandhinagar, Gujarat
Bachelor of Computer Applications**, CGPA**: 9.13   **June 2022 – April 2025**

Skills

Front-End: React.js, Tailwind CSS, HTML5, MUI, JavaScript   **Databases:** MongoDB, MySQL
Back-End: Node.js, Express.js, PHP   **Version Control:** Git, GitHub
Soft Skill: Leadership, Teamwork, Problem-Solving

Projects

1. Task Manager – Productivity Web App   **June 25 - August 2025**
- Developed a full-stack productivity app using **React.js**, **Node.js**, and **MongoDB**, allowing users to track daily tasks with a responsive UI
- Implemented a point-based system that rewards task completion and encourages consistency

2. Employee track   **November 24 - December 2024**
- Built an **employee tracking system** using **React.js, Tailwind CSS, Express.js, and MongoDB**.
- Ensured data integrity by restricting access to verified geolocations and storing activity logs securely in the database

3. Stay Finder   **January 25 - March 2025**
- Developed a hotel management system (Stay Finder) enabling merchants to manage room pricing and discounts, while admins could track all transactions in real-time.
- Enabled merchants to manage inventory and discounts while allowing admins to view full transaction history.

4. Papad Website   **January 22 - February 2022**
- Focused on clean UI/UX, smooth navigation, and product listing with future e-commerce scalability in mind

5. Music App   **July 23 - August 2023**
- Strengthened frontend design skills by focusing on structured UI elements, interaction flow, and user-centric visuals

Achievements

- Won **1st place** in the 'Home Safety System' project at a **college-level IT Fair competition**, demonstrating innovative problem-solving and IoT integration.   **(January 2024)**
- Awarded MMS Scholarship for ranking as a top performer in class, recognizing academic excellence and dedication.   **(January 2025)**

Certification

- **SARVA NETRUTAVA (A Leadership Training Program) -** LINK   **(January 2023)**
  Focused on leadership development, team management, and decision-making strategies.
